Good Morning Beth,

We'd like to see one sample from each tank to ensure we can treat... if something Lonestar can treat, we would need Full TCLP per tank.

Let me know if you have any additional questions.

Thanks,

Demita

Demita,

Question, we have several thousand gallons of what we believe is an oil/water mixture. I think we have somewhere around 10-15 different tanks. What type of analysis would Lonestar need to see on a wastestream like this in order to obtain disposal approvals? Do you have a sampling frequency that would be required as well?

Thanks,

Beth Crawford
